PLEASE MAKE ONLINE PAYMENT USING YOUR MYSRS ACCOUNT

AMOUNT NOW DUE EURO €50.00

A proforma invoice is a preliminary bill or estimated invoice issued by the Irish Aviation Authority, which is used to request payment from the committed regulated entity for the provision of a licence, certificate, or approval, before the associated documents are supplied. A proforma invoice includes a description of the licence, certificate, or approval concerned, the total payable amount and other details about the transaction. It is essentially a "good faith" agreement between the IAA (the regulator) and the regulated entity, so the regulated entity knows what to expect at the time of making the calculated total payment.
