Electricity supplied has been sourced from the following fuels:	% total	
	Electricity Supplied by SSE Airtricity	Average for All Island Market (for comparison)
Renewable	100.0%	57.6%
Natural Gas	0%	34.2%
Coal	0%	5.5%
Peat	0%	0.4%
Other	0%	0.4%
Nuclear	0%	0.0%
Oil	0%	1.9%
EU Fossil	0%	0.0%
<b>TOTAL</b>	<b>100%</b>	<b>100%</b>
<b>Environmental Impact - CO<sub>2</sub> Emissions</b>	0 g/kWh	234 g/kWh

Small steps to a greener world.  
Thanks for being part of Generation Green.  
SSE Airtricity has been harnessing our greatest natural resource for over 25 years, providing cleaner, renewable energy† for homes and businesses across the country.

See the difference we're making together at  
sseairtricity.com/generationgreen

#ThisIsGenerationGreen

For information on your fuel mix and on the environmental impact of your electricity supply visit [sseairtricity.com](https://www.sseairtricity.com) or for further details call 0818 40 40 70.

†Based on figures published by the Commission for Regulation of Utilities (CRU) in their most recent annual Fuel Mix Disclosure and CO<sub>2</sub> Emissions Report.

### Carbon Tax

The Government introduced a Carbon Tax in 2010. This tax is charged on consumption of natural gas and if you are a gas customer this will be shown separately on your bill. This does not apply to electricity bills. For further information on Carbon Tax see [revenue.ie](https://www.revenue.ie).

### Ways to pay and part payments

We like to offer customers a variety of ways to pay their bills. Options available include direct debit, debit, debit/credit card, standing order, bank draft, post office and cheque. Customers can also pay online at [sseairtricity.com](https://www.sseairtricity.com). Any part payments will be allocated, against the overall balance.

### Overdue accounts

We understand there are times when customers have difficulties paying bills. We're here to help and are happy to discuss different options and payment arrangements with you in confidence. Please call us on 0818 40 40 70 to discuss a suitable payment plan with one of our agents.

### Energy Efficiency Directive

For information on how you can use electricity efficiently, contact the SEAI on 01 808 2100 or online at [seai.ie](https://www.seai.ie).

### Refunds

If your bill balance is a minus figure you may be due a refund. Please contact our Customer Service Team on 0818 40 40 70 to discuss how you would like this refunded.

### Public Service Obligation Levy (PSO Levy)

The PSO Levy is charged to all electricity customers, regardless of their supplier and is used to support renewable electricity generation. The PSO Levy is mandated by government policy and the amount payable by each electricity customer, through their bills, is calculated and certified annually by the energy regulator: the Commission for Regulation of Utilities (CRU).

### SSE Airtricity Complaints Process

If you have a complaint, please call our Customer Service team on 0818 40 40 70. If your complaint has not been resolved to your satisfaction, you may ask to speak with the Customer Service Supervisor. If you are still not satisfied, you may contact the Commission for Regulation of Utilities at: Energy Customers Team, Commission for Regulation of Utilities, The Exchange, Belgard Square North, Tallaght, D24 PXW0. Tel: 1800 404 404 Email: [customer@crui.ie](mailto:customer@crui.ie). For further details on our complaints process, see our Code of Practice on Complaint Handling at [sseairtricity.com](https://www.sseairtricity.com).

### Pro Rating

If there was a tariff change in your billing period, you will see your consumption split between usage before and after the tariff change date. We calculate this by dividing your consumption by the number of days used in that billing period and finding the average usage per day. This figure is used to calculate the charges prior to, and after the date of the tariff change on your bill.

If you are out of contract, contact us to find out if there are better rates available for you. There are no penalties for switching when your contract expires. You can find full details on accredited price comparison websites and licensed suppliers on the 'Switching Supplier' and 'Customer Information' sections of the CRU website at [cru.ie](https://www.cru.ie).

### Meter Readings

Every energy customer has a consumption pattern based on previous usage. All estimates are based on this historical pattern of consumption. If at any stage you are not satisfied with an estimated reading, you can submit an actual meter reading and we will incorporate this into the calculation of your next bill. Up to 4 times a year, ESB Networks will attempt to read your meter onsite, we encourage you to allow them access to your meter box to keep your bills as accurate as possible.

Your electricity meter was last read on 06/11/2024. You can submit meter readings in a number of ways, including visiting [www.sseairtricity.com](http://www.sseairtricity.com), calling 0818 40 40 70, or using the 'My SSE Airtricity' app.
